PROFESSIONAL SUMMARY

Result-driven Full Stack Web Developer with over 5 years of experience designing, building, and deploying scalable web applications. Proficient in back-end and front-end technologies including PHP, Laravel, CodeIgniter, Node.js, and React.js. Proven expertise in building multi-tenant SaaS platforms, RESTful APIs, real-time communication systems, and complex third-party integrations (Stripe, PayPal, Agora, Twilio). Adept at optimizing database performance, implementing secure authentication, and collaborating in Agile software development environments.

TECHNICAL SKILLS

Languages: PHP, JavaScript (ES6+), HTML5, CSS3, SQL

Frameworks & Libraries: Laravel, CodeIgniter, React.js, Node.js, Express.js, jQuery

Databases: MySQL, PostgreSQL

Tools & Platforms: Git, GitHub, Cursor, VS Code

Core Technologies: REST APIs, WebSockets, Socket.IO, JWT, OAuth, Stripe, PayPal, Firebase Cloud Messaging (FCM), Twilio API, Agora SDK, MQTT, Queue Processing, SaaS Architecture

PROFESSIONAL EXPERIENCE

Full Stack Developer

RichestSoft Solutions Pvt. Ltd.

Feb 2023 – Jun 2026

Mohali, India

- Architect and develop high-performance enterprise web applications utilizing Laravel, React.js, and Node.js.
- Engineered real-time features including instant chat, audio/video calling capabilities, and automated push notifications using Socket.IO and FCM.
- Seamlessly integrated payment and communication gateways including Stripe, PayPal, Twilio API, and Agora SDK.
- Designed robust RESTful APIs and implemented GPS-based live location tracking.
- Deployed MQTT communication protocols and optimized queue-based background workers for asymmetric processing tasks.

Software Developer

NewForce Global Pvt. Ltd.

Jan 2022 – Feb 2023

Mohali, India

- Developed complex multi-tenant SaaS applications from scratch using Laravel and CodeIgniter.
- Integrated secure subscription models, payment gateways, and third-party vendor APIs.
- Participated actively in Agile Scrum methodologies, sprints, and code reviews.
- Enhanced system reliability and application performance through rigorous logging, monitoring, and debugging.

PHP Developer

Virtual Opposing Pvt. Ltd.

Dec 2020 – Jan 2022

Mohali, India

- Built secure, scalable backend REST APIs using the Laravel framework.
- Optimized slow-running MySQL queries and indexes to improve database performance and load times.
- Collaborated closely with front-end engineering teams to smoothly integrate UI components with React.js.
- Maintained code integrity and version control tracking using Git and GitHub.

Junior PHP Developer

Webstrong Solution Pvt. Ltd.

Jan 2020 – Sep 2020

Mohali, India

- Assisted in developing dynamic web applications leveraging PHP, Laravel, and CodeIgniter.
- Built lightweight REST APIs and successfully connected local checkout pages with standard payment gateways.
- Designed and normalized relational database schemas using MySQL.
- Implemented strict user authentication protocols and Role-Based Access Control (RBAC).

PROJECTS

- **InvisaLearn:** A full-featured video consultation platform built with Laravel, Node.js, and Agora SDK. Features include real-time messaging, encrypted video calling, and integrated payment flows via Stripe.
- **DroobTaxi:** A live-tracking ride-hailing web platform utilizing React.js, Google Maps API, and real-time MQTT protocols for synchronous location telemetry.
- **NewForce SaaS:** A scalable, multi-tenant B2B subscription platform driven by Laravel and React, incorporating automated billing tiers through Stripe and PayPal.
- **KAT Social Media:** A social networking application featuring secure third-party OAuth logins, real-time dynamic feeds, and interactive instant messaging features.

EDUCATION

Bachelor of Computer Science
Kurukshetra University, Ambala

2017 – 2019
Score: 69%

CERTIFICATIONS

- Industrial Training Certification in PHP Web Development
- Advanced Laravel Development Certification
- React.js Front-End Development Core Certification
- Node.js Back-End Development Protocols
